Westview! Summer 2012 has begun and now is the time to reminisce over the 2011-2012 school year. This school year has been a unique journey filled with laughs, excitement and educational experiences! Each student has a different story to tell about their 2011-2012 school experience.

The grade nines are excited to have completed their first year of high school. The grade tens are glad they will become juniors! The juniors are preparing to have a fun filled senior year and the seniors ... CONGRATULATIONS!!! You have successfully completed high school and we wish you all the best in your future! Always remember, once a wildcat, always a wildcat!

This year was filled with many achievements. Academically, we have given 110% and our athletics have been phenomenal! Some of our many achievements include: sending eight track and field athletes to OFSAA and achieving second place at the Canadian High School Ultimate Frisbee Championships in Montreal! Our students have received gold, silver and bronze medals in Science fairs, our school's rock band, "So We Stand" made it to the top ten at the TDSB fusion competition, and one of our students won the Sear's Drama Festival Actors award.

Our OSSLT results have increased, yet again! The list goes on and we couldn't be more proud of the staff and students of Westview for all their hard work! Congratulations Westview!

We can't forget the many assemblies and carnivals that our fellow students and teachers have spent countless hours orchestrating and launching. They were very entertaining and educational. Our clubs and councils made their contributions to make the school year complete. We had a successful semi-formal and a beautiful prom.

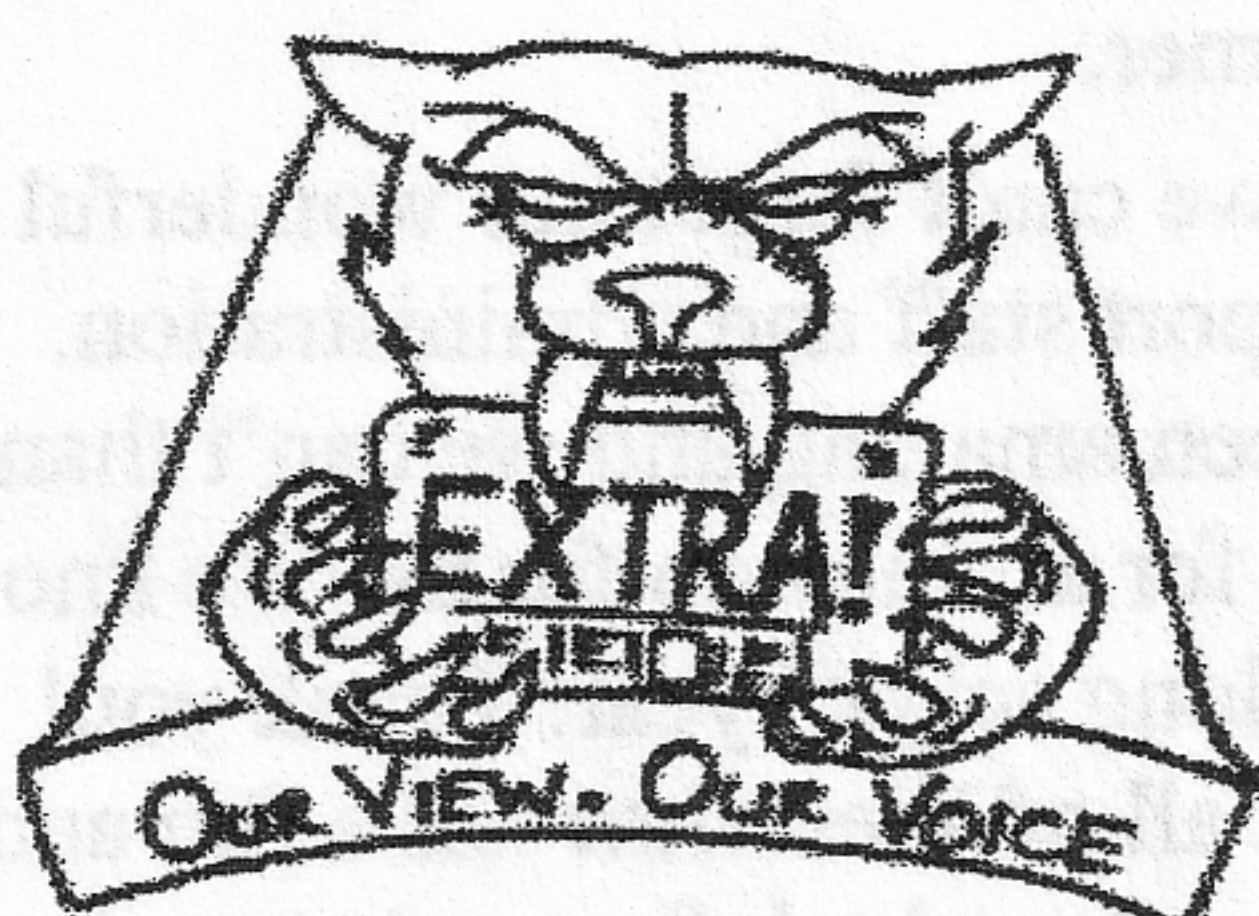

See some of the prom highlights inside:) These events, amongst many fun and exciting moments are the times we will remember and share together. Our friends and fellow classmates are the people we are going to miss over the summer.

Finally, we can't forget our wonderful teachers, support staff and administration. They have been amazing and we can't thank them enough for all they do for us. We know it has been a long school year. Thank you! We hope that all of Westview has a fun and safe summer and we look forward to seeing you all again in September!

IT ALL DEPENDS ON YOU

There is a time in our lives when we want to give up and instead of taking the risk, we just simply want to give up without realizing that the day we have, the moment we have now might never come back. Most of the time we live as if there was a tomorrow; there might be, but there might not. So why do we keep postponing stuff for later when we have time to do it now?

There is nothing written down in the book of our life, nothing is impossible nor is everything possible. It all depends on us, on our will, from the strength that comes from our heart and our inner voice that tells us that we can face all those challenges. We have the power; when we are convinced that we can achieve what we want, when we are determined and when we really want something.

There is no obstacle able to stop us. If we really want

something, we can go further than we think we can and we get wherever we want. You just need to remain calm and positive because this is the best strategy to achieve what we want. Thinking of dreams as a possibility is the only thing that makes a dream possible, but the fear of failure makes it impossible. This is why we need to be positive and take the risk, because life is something amazing. As long as we make it

the way we want, without letting other people make the decisions we need to make, because we only have one life, so live it up one step at the time, don't rush because those who rush stumble and fall. One of the most important things that you must keep in mind is not letting the opportunities go, because you will regret that later. Never stop dreaming because a life without dream is nothing.

LOVERS'

By: Patrick Kaing

Sunrise so beautiful,
Yet rain ahead.
Umbrella had the solution,
Until it shortly broke and
flew away.
Sunrise to sunset,
Had it prospects but went
okay.
Rain submerged to concrete and
Bright smile came it's
way,
The couple didn't see it
coming.
The love lost,
Was tossed.
Two heart's broken,
In pain and down the
drain.

SOME DAYS

By: Rachel Gopal

There are some days that things won't go well;
There are some days that we'll be facing hell.
There are some days that we'll feel sad;
There are some days that we'll feel mad.
There are some days that we'll need to cry;
There are some days that we'll want to die.

But as far as these feelings go,
It's important that we know;
That these feelings won't last,
That these thoughts will pass.
That no matter the weather,
Things will get better.

Q: How was your Freshman Year at Westview?

A: My freshman year at Westview was filled with fun and excitement, due to the fact that we have fun classes like intro to tech and gym.

A: I was on the baseball and ball hockey teams; I believe that being a Westview Athlete is a privilege. Watching our very own teams bring home successes is a great feeling.
